Instructions for Ordering

We will imprint your logo or special lettering for a \$30.00 artwork fee. Just e-mail your artwork to service@myron.com, we accept most file formats. We can even work from a letterhead or a business card. As long as we can see it we can turn it into a personalization file. We will always send you a proof via e-mail or fax for your approval prior to personalizing your products. Your account manager is waiting to assist you.

After your order has been completed and shipped, your art will be stored at Myron for use on a reorder. If you have previously ordered a custom logo for the same type of product and process, please let us know—you may not be charged for art if you reuse the same size logo. The \$13.95 machine set-up charge still applies to all imprinted orders.

When preparing your logo or special art, slight modifications may be necessary to produce the best results, depending on the item chosen and required imprint method. Unless an exact size or a specific layout is clearly indicated, the art/logo will be appropriately sized and formatted for that item.

7. If the product you pick indicates a screen charge, you have a choice of one of six colors for your imprint, unless otherwise specified. Choose blue, green, black, red, white or yellow. For maximum visibility of your imprint, select a color that is contrasting to the product.

8. When ordering embroidered gifts enter your choice of thread colors. The \$99.00 embroidery set-up fee includes the use of one to six colors of thread and up to 10,000 stitches. The \$5.00 running charge is the cost to stitch your design on each item.
